## Coaching the Experience Driver (CED)

### PURPOSE

- To conduct a CED for company personnel;
- To elevate driver's awareness of the driving-related tasks through facilitated discussions;
- To assist a company in developing long-term driver improvement strategies;

### PROCEDURE

The Facilitator will deliver the nationally recognized CED to company personnel. This program is designed for those who have had several years driving experience, but who may need to “freshen” their driving skills. Through videos, discussions and individual work, this fast paced course gives the driver important clues that can be used in daily driving to reduce the number of “near misses” or actual collisions. It should be emphasized that this program is fundamentally developmental in its aims; in no way is it a disciplinary for punitive measure.

COURSE	Coaching the Experienced Driver (CED) - focus on private and commercial class motor vehicles; and on specialized vehicles
FORMAT	Interactive classroom
DURATION	One day (six hours) – able to be adjusted into 3-hour module
PARTICIPANTS	Fifteen (15) maximum
FACILITIES	Classroom or boardroom supplied by company
COURSE THEMES	<ul style="list-style-type: none"><li>- Highway, city &amp; rural safe driving practices</li><li>- Skills, knowledge and attitudes for driving</li><li>- Visual habits for driving</li><li>- Space cushion driving</li><li>- Collision avoidance strategies</li><li>- Sharing the road with other road users</li></ul>
WRAP UP	A wrap-up meeting involving the company and the OSL Facilitator is desirable as it provides an opportunity to discuss overall driver attitudes and consequent development strategies for consideration.
OSL FACILITATOR	OSL-Trained & Certified
PROGRAM CO-ORDINATOR	Extensive experience in transportation safety and loss prevention
PROGRAM SUPPORT & RESOURCES	The Ontario Safety League's staff and resources are available for inquiries into licensing, regulations, driver training and improvements, collision investigation & reconstruction, and other areas related to safety in the transportation sector.
